PRAYER BOOKS.

Garden of the Soul. (WASHBOURNE'S EDITION.) Edited by the Rev. R. G. Davis. *With Imprimatur of the Archbishop of Westminster.* Eighth Thousand. This Edition retains all the Devotions that have made the GARDEN OF THE SOUL, now for many generations, the well-known Prayer-book for English Catholics. During many years various Devotions have been introduced, and, in the form of appendices, have been added to other editions. These have now been incorporated into the body of the work, and together with the Devotions to the Sacred Heart, to Saint Joseph, to the Guardian Angels, the Itinerarium, and other important additions, render this edition pre-eminently the manual of prayer, for both public and private use. The version of the Psalms has been carefully revised, and strictly conformed to the Douay translation of the Bible, published with the approbation of the LATE CARDINAL WISEMAN. The Forms of administering the Sacraments have been carefully translated, as also the rubrical directions, from the Ordo Administrandi Sacramenta. To enable all present, either at baptisms or other public administrations of the sacraments, to pay due attention to the sacred rites, the Forms are inserted without any curtailment, both in Latin and English. The Devotions at Mass have been carefully revised, and enriched by copious adaptations from the prayers of the Missal. The preparation for the Sacraments of Penance and the Holy Eucharist have been the objects of especial care, to adapt them to the wants of those whose religious instruction may be deficient. Great attention has been paid to the quality of the paper and to the size of type used in the printing, to obviate that weariness so distressing to the eyes, caused by the use of books printed in small close type and on inferior paper.

"This is one of the best editions we have seen of one of the best of all our Prayer Books. It is well printed in clear, large type, on good paper."—*Catholic Opinion*. "A very complete arrangement of this which is emphatically the Prayer Book of every Catholic household. It is as cheap as it is good, and we heartily recommend it."—*Universae*. "Two striking features are the admirable order displayed throughout the book, and the insertion of the Indulgences in small type above Indulgent Prayers. In the Devotions for Mass, the editor has, with great discrimination, drawn largely on the Church's prayers, as given us in the Missal."—*Weekly Register*.

Garden (Little) of the Soul. Edited by the Rev. R. G. Davis. *With Imprimatur of the Archbishop of Westminster.* This book, as its name imports, contains a selection from the "Garden of the Soul," of the Prayers and Devotions of most general use. Whilst it will serve as a *Pocket Prayer Book* for all, it is, by its low price, *par excellence* the Prayer Book for children and for the very poor. In it are to be found the old familiar Devotions of the "Garden of the Soul," as well as many important additions, such as the Devotions to the Sacred Heart, to Saint Joseph, to the Guardian Angels, and others. The omissions are mainly the Forms of administering the Sacraments, and Devotions that are not of very general use. It is printed in a clear type, on a good paper, both especially selected, for the purpose of obviating the disagreeableness of small type and inferior paper.
